

## APPENDIX G

### ***Lectures/videos – Dr Peter J Fenner***

#### **International**

Problem jellyfish in tropical Australia. Hong Kong University. April 4, 1987.

Australian Venomous Jellyfish. Hong Kong University 16/6/89

Venomous and Non-Venomous Jellyfish of Australia. British Museum 4/7/89

Jellyfish Envenomation syndromes. London Hospital, London 5/7/89

Ibid. British Olympic Medical Centre 6/7/89

Lethal Jellyfish envenomation. Royal College of Anaesthetists Seminar. Cardiff University 7/7/89

History of identification of Cubomedusae in north Queensland. 5th International Conference on Coelenterate Biology Southampton University 10-14/7/89.

New advances in the treatment of lethal and potentially lethal jellyfish envenomation syndromes in northern Australia. 5th International Conference on Coelenterate Biology Southampton University 10-14/7/89.

Marine envenomation. John Radcliffe Hospital, Oxford, U.K. 20/6/91.

Cubozoan stings in the western Pacific. Seito Marine Laboratory, Kyoto University, Japan. 2/6/92

Clinical aspects of envenomations by marine animals. First International Congress of envenomations and their treatments. Pasteur Institute; Paris 7-9 June 1995.

#### **Okinawa, Japan 26/6 - 30/6/95 – University of Hawaii Visiting Professor**

*Chironex* ecology, life cycle, treatment and prevention

Irukandji syndrome

Marine envenomation - animals other than jellyfish

Marine envenomation - 'other' jellyfish

Surf Life saving and resuscitation

Public Lecture: Surf Life Saving In Australia: Introduction and special problems in 'Tropical Lifesaving'

#### **Australian**

Jellyfish other than *Chironex fleckeri* causing problems in north Queensland. Qld. SLSA marine envenomation seminar, Australian Institute of Marine Science 12/4/1986

Serious marine envenomation in tropical Queensland. Princess Margaret Hospital for Children, Perth. March 22, 1987.

Recent advances in Marine envenomation. Australian Marine Sciences Association Seminar-Townsville, May 14, 1987.

Acute management of marine envenomation problems. Conference of Casualty Officers. Airlie Beach, June 5-7, 1987.

Lectures in marine envenomation, first aid and resuscitation. SLSA Educational trip to Northern Territory, 25-30/8/87.

Medical treatment of Cubozoan stings. ANZAS, Townsville, August 1987.

The "Irukandji" and other dangerous jellyfish in Tropical Australian Waters. Australian Bicentennial Conference. Cairns September 1988.

First Aid for jellyfish stings. St. John Centennial Lecture Brisbane May 1989.

History of Marine Envenomation Research in tropical Australia. North Queensland Medical Conference, Mackay September 1990.

An update on Marine Envenomation. St. John Spring Seminar, Brisbane Sept.1990.

Royal Adelaide Hosp. 5-10 Nov. 1990. Visiting Professorship.  
Daily lectures on marine envenomation

November 1990 - Darwin - Royal Darwin Hospital, NT Museum, St. John and Public Lectures on marine envenomation.

Update on Marine Envenomation - Princess Margaret Hospital, Perth. 26/3/91

Advances in Identification and Treatment of Marine Envenomation in Australia. Western Australian Museum 27/3/91

Recent advances in Marine Envenomation. Annual Meeting of Australian College of Tropical Medicine, Palm Cove, Cairns 27/6/92

Tropical Marine Envenomation. Royal Australian College of Pathologists. Annual Meeting, Cairns 15/9/92.

Marine Envenomation. Queensland University Sports Medicine Dept, Brisbane 7/8/92.

An analysis of 171 cases of resuscitation by Queensland Surf lifesavers. Australasian College of Tropical Medicine Annual Meeting; Darwin 17/6/93

Update of Marine envenomation in Australia. Australasian College of Tropical Medicine Annual Meeting; Darwin 19/6/93

A new jellyfish causing the Irukandji syndrome. Australasian College of Tropical Medicine Annual Meeting; Darwin 19/6/93

Marine Envenomation - Seminar - for Queensland Department of Environment and Heritage. December 1993.

Advances in the knowledge of marine stings. National lifeguards conference, Marcoola, Qld 9/10/94

The Irukandji Syndrome: natural history, epidemiology, presentation and first aid. Queensland Accident and Emergency Conference. Ko Huna Resort, Mackay 29-30 April 1995.

Marine envenomation deaths and severe morbidity. Aust. College of Tropical Medicine Annual Meeting, Townsville 16 June 1995.

Marine envenomation. Bends and Bites session, Innovations in intravenous anaesthesia. International symposium Cairns, Australian Society of Anaesthetics. 24 April 1996

Marine envenomation seminar coordinator. 2<sup>nd</sup> Spark of Life Conference, Melbourne. 4-8 Sept 1996

Update in marine envenomation for Medical Practitioners. North Queensland Conference, Cairns. 13 Sept 1996.
